

FRAGO Lane # 3, Squad Attack.

Read to Squad Leader: "You are 1st Squad, 1st Platoon, your current location is UK53637476"

1. SITUATION:

Citizens of a small village have complaints that the US has not been supporting them and that the AKMB have been creating problems in their village. Your squad is to conduct an attack of a suspected enemy OP in order to reduce enemy intelligence gathering and harassment in our AO. AKMB destruction in the area is the intent.

2. MISSION:

1st Plt, A Company secures west of AO Black to limit enemy forces vic. Grid UK53087465 NLT (H+1) (DTG) IOT prevent movement of enemy forces and supplies through the Company area of operations.

3. EXECUTION:

a. Concept of the Operation:

The purpose of this operation is to prevent movement of enemy forces within the Company area of operations. We will accomplish this mission by engaging insurgent force concentrations around AO Black. Decisive to this operation is the destruction of Enemy Recon Patrols. This is decisive because it will prevent enemy freedom of movement in the platoon AO. One Squad (SE1) will conduct squad attack IOT capture or kill AKMB officer and team in area. Another Squad (SE2) will conduct presence patrol in AO IOT collect intelligence. Another Squad (ME) will conduct presence patrol to provide greater visibility of Coalition forces in the Company AO. Purpose of mortar fires is to suppress Enemy Forces during Enemy raids or ambushes. Artillery fires will be controlled by Brigade. Endstate: Enemy elements destroyed or withdrawn from Zone. Platoon is prepared to reinforce Company main effort (ME).
